I feel the brand new state-of-the-art Somerset County Wellness Center in Bridgewater is a great addition the local senior community. I especially love yoga with Bharti on Wednesdays and Fridays and the needlecraft group on Tuesdays. I think the staff is helpful, friendly and patient in answering questions, and offers suggestions where appropriate. The center is a great place to hone old interests and discover new interests and I hope to enjoy attending for a very long time.

I've been going to this center for several months and participated in lectures, painting classes and physical activities for all ages and capabilities. The class instructors are patient, the staff is friendly and helpful and I love that I can stop in at any time and find new friends to be with...whether it's exercising, playing a game or having a conversation.

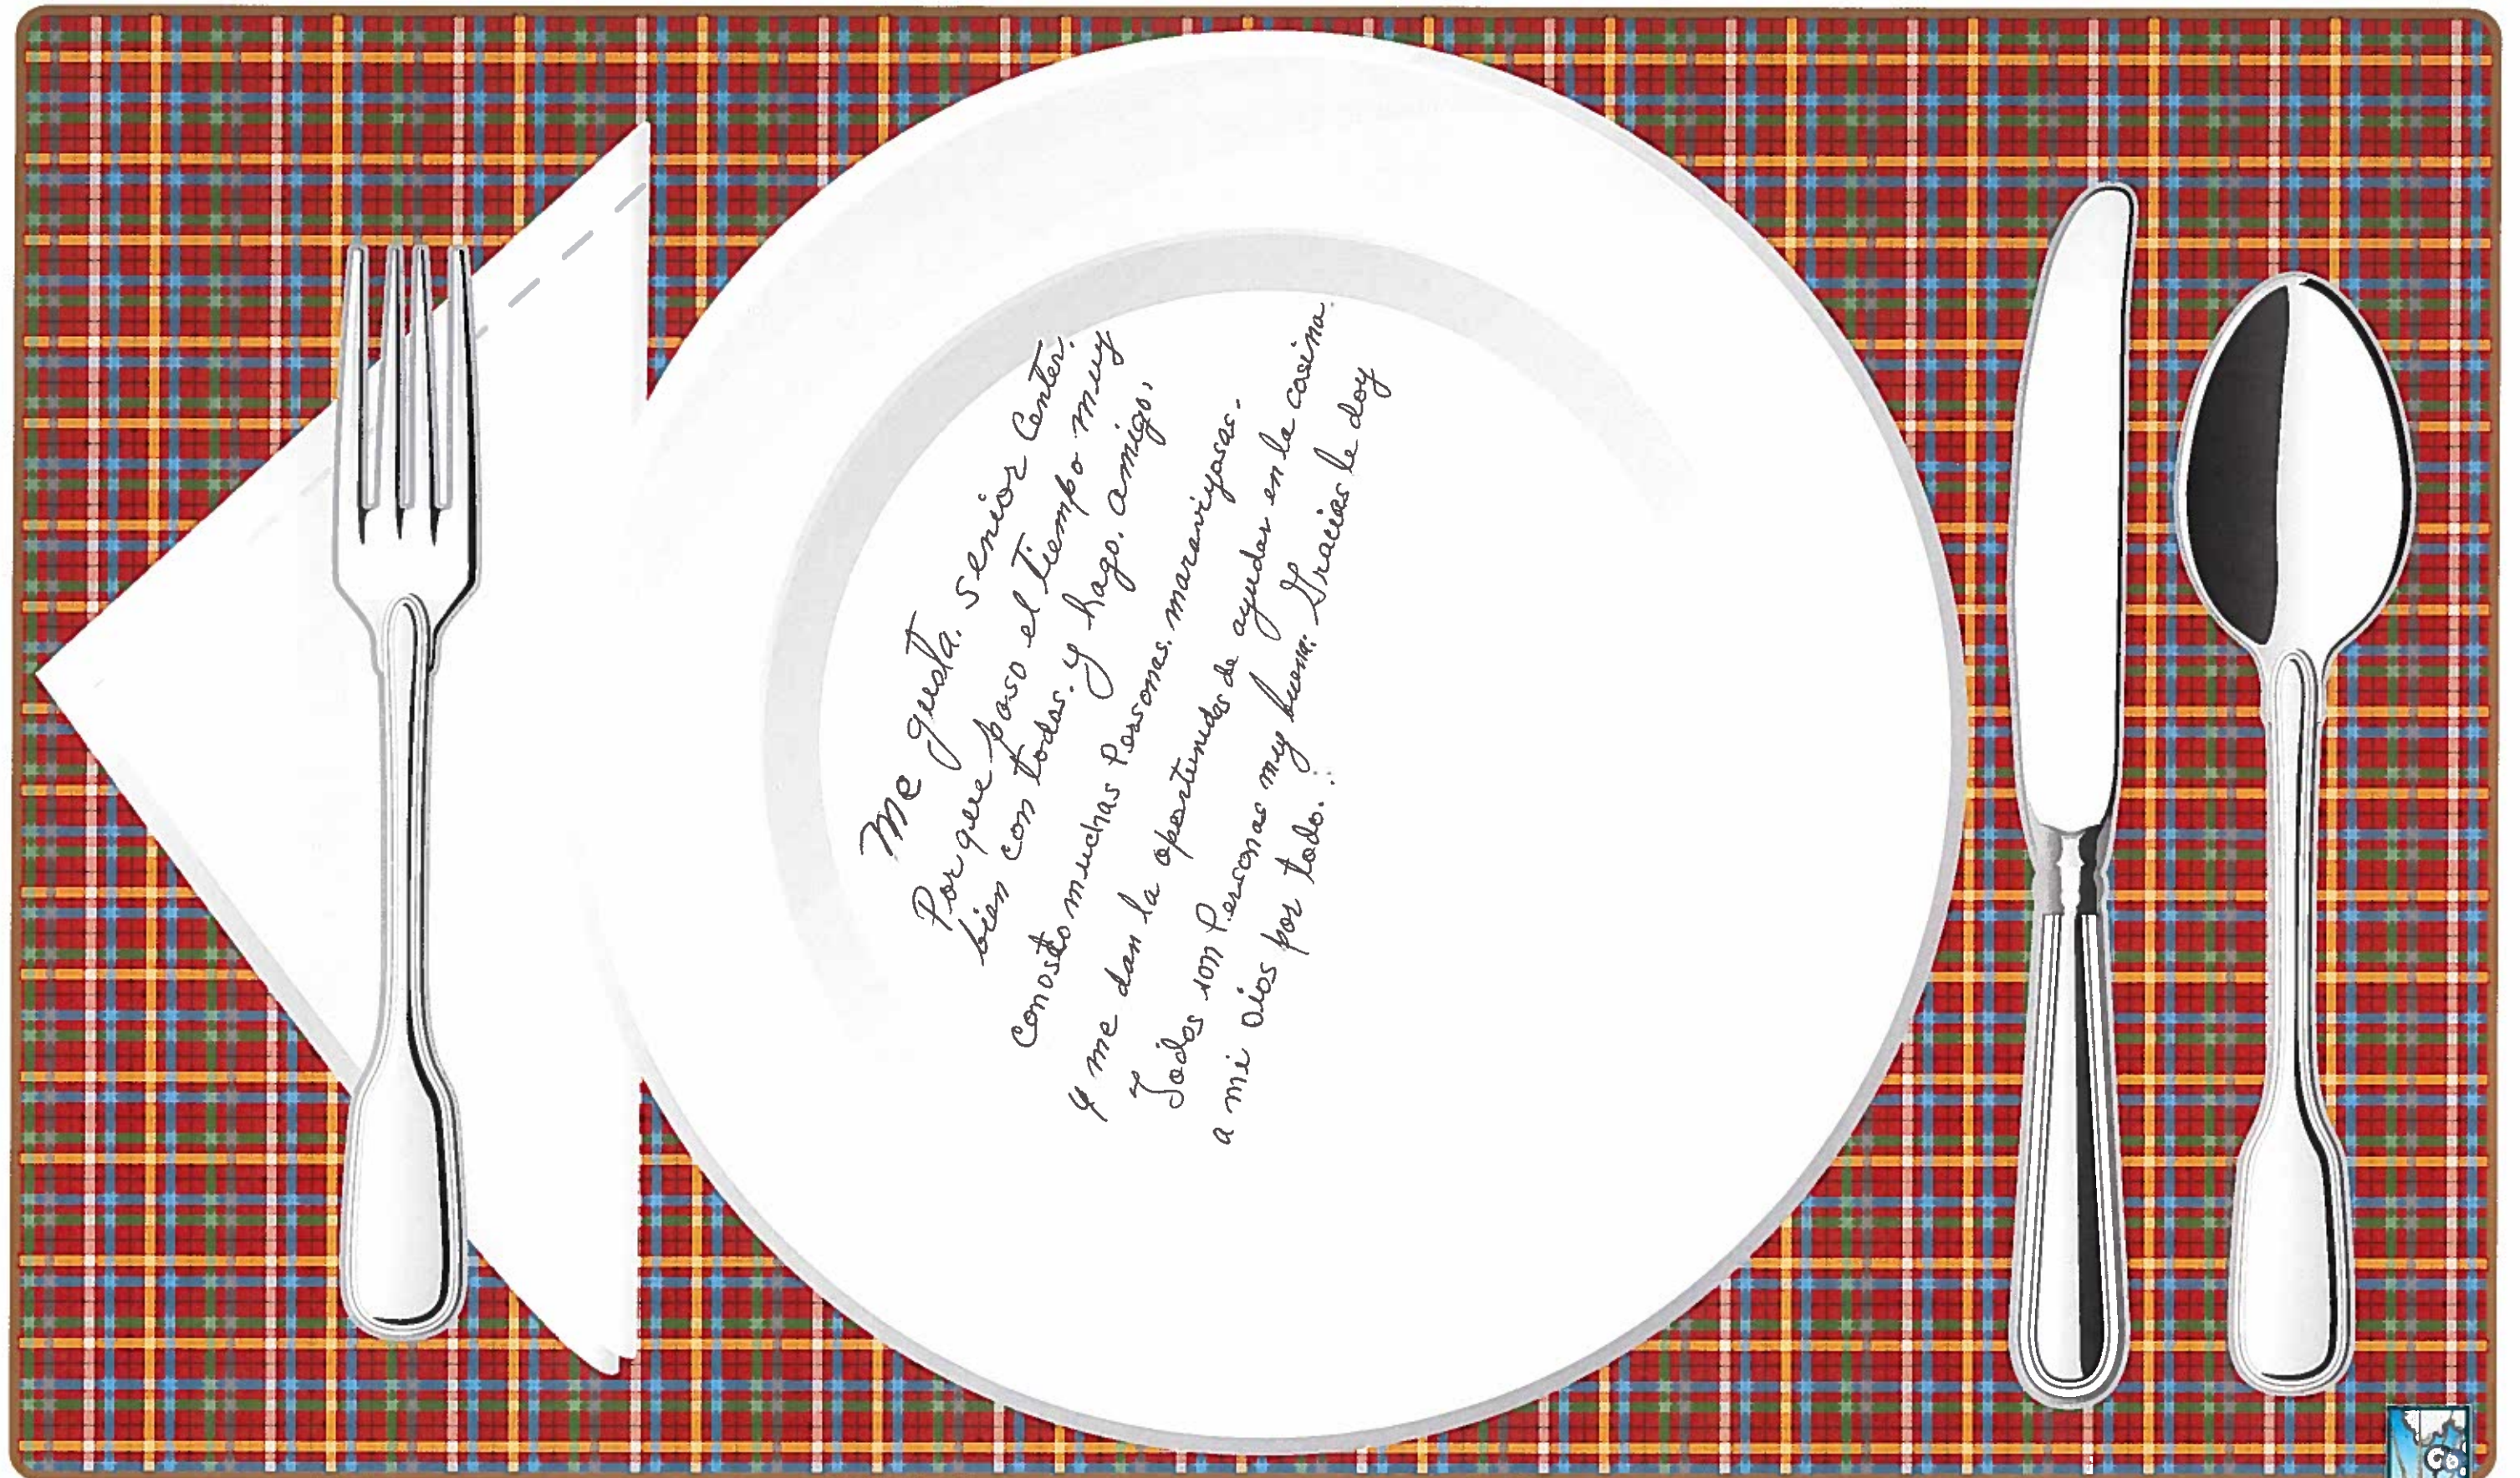

There is so much to do and I have plans to do even more this winter. Who would sit home on a dreary day when this wellness center offers so much!?!
