

Somerset County's

# Weekend Journey through the Past

## The Knox-Porter Resolution

### The Knox-Porter Resolution

- ★ WWI ended in 1918, but it took America a little longer to make it official with the Knox-Porter Resolution. This important document was signed on July 2, 1921 – not in Washington – but in Somerset County, New Jersey. Why? Because the President was playing golf here.
- ★ *Signed by the Burger King...* not BY the Burger King, but next to it! A small plaque marks the former location of the Frelinghuysen home on Route 28 in Raritan where President Harding signed the Knox-Porter Resolution. Keep an eye out for it next time you hit up BK for a bite!
