Weekend Journey through the *Past*

U.S. Census

U.S. Census

Why be counted?

- ★ The U.S. Government gives money for ambulances, help for Vets, fixing roads and more based on census numbers. Numbers = needs!
- ★ You can view your own census records whenever you want, but NO ONE ELSE can for a long time. Thanks to the “72 Year Rule,” the information from the 2020 census will be private until 2092.
