DATE: October 1, 2019
RE: **PERFORMANCE DEPOSIT FOR
CONDITIONAL REPORT OF COMPLIANCE**

The District requires a performance deposit be made to guarantee completion of all permanent measures on the certified soil erosion control plan prior to the issuance of a Conditional Report of Compliance. The performance deposit is based on the disturbed areas on the site which will be permanently stabilized. The performance deposit schedule is as follows:

Disturbed area up to ½ acre - \$3,000.00
Disturbed area over ½ acre - \$4,000.00 per acre

Upon satisfactory completion of final stabilization, the District will return the performance deposit, plus interest, minus a \$150.00 administrative fee.

The District will accept one (1) lot per agreement.

Prior to issuance of a Conditional Report of Compliance, the following will be required:

1. Complete temporary stabilization (mulching and anchoring) of all disturbed areas in accordance with the certified soil erosion control plan.
2. Determine the acreage of the disturbed areas requiring final stabilization and determine the amount of performance deposit from the fee schedule.
3. Complete the Agreement for Issuance of a Conditional Report of Compliance and submit to the District.
