

Somerset County's *Journey* through the *Past*

Lenni Lenape

Lenni Lenape

Before there were farms...

...there were the Lenni Lenape, the first farmers in Somerset County (before it was Somerset County!). When today's farmers turn over the soil to plant, they unearth Lenni Lenape artifacts—the arrowheads pictured on the front of this card were found on Somerset County farms! You can see a large collection of Native American artifacts found in Somerset County at the Van Veghten House in Bridgewater.
