## HISTORY OF THE ALLIANCE

Chapter 51 of the Laws of 1989 created the Governor's Council on Alcoholism and Drug Abuse and an Alliance to Prevent Alcoholism and Drug Abuse, establishing formalized cooperation and active participation of all communities in the state to achieve the goal of reducing alcoholism and drug abuse through community awareness and education.

In 1989, the Board of Chosen Freeholders adopted a resolution appointing a County Alliance Steering Subcommittee. Since then, all 21 of Somerset County's municipalities have established Municipal Alliance Committees to Prevent Alcoholism and Drug Abuse to address prevention needs in their communities.

## MUNICIPAL ALLIANCE COMMITTEES

The governing body of each municipality may appoint a Municipal Alliance Committee (MAC) who shall identify and implement alcoholism and drug prevention and education needs in their community. Membership includes representatives of schools, courts, law enforcement, religious and social service organizations, parents, businesses, recovering persons and concerned citizens.

## PURPOSE OF THE MAC

To coordinate the municipality's efforts to combat alcoholism and drug abuse through prevention, intervention and education.

## FUNCTIONS OF THE MAC

- To empower residents concerned about substance abuse to provide prevention programs in their community;
- To conduct an assessment of the community's alcoholism and drug abuse prevention resources and needs;
- To develop and submit a Municipal Alliance Plan for the expenditure of funds, derived from fines of drug offenders, for the implementation of alcoholism and drug abuse prevention activities for community members of all ages;
- To coordinate prevention projects within the municipality to avoid fragmentation and duplication.
