

TASTING FUNDRAISER

Join us for this unique opportunity to sample a curated selection of fine wines and chocolates!

Chris Cree, New Jersey's only Master of Wine, and one of only 56 MWs in the country and 418 worldwide, will share his expertise during this wine and chocolate tasting event.

Enjoy the casual setting and experience of the **Cree Wine Company**, inspired by Chris' many visits to wine regions around the world, while expanding your appreciation of fine wines and chocolates. Wines are curated from artisan growers around the world, from everyday affordable to fine and rare collectibles, all tasted and approved by Chris and his team.

Carol's Creative Chocolatez specializes in single origin chocolates from all over the world. If you are a chocolate lover, you will be impressed by the flavors and varieties of our chocolates.

The Tasting Room will be open until 8pm that evening for those interested in sampling more of their ever-changing wines and menu of food pairings.

Toast to a brighter future for survivors of domestic and sexual violence at our tasting fundraiser.
