

## Seeks Ideas by April 12

...Adopt a "grandfriend," and write letters or visit senior citizens...

...Clean up a river and improve both the ecosystem and recreation opportunities...

...Throw a birthday party for children who are homeless at a local shelter...

### The Class of 2023 wants to improve our community and is looking for ideas!

If your organization has that big idea to make an impact and move the needle to address a need, but never had the staff, volunteers, or time to pull it together, this may be your opportunity.

With good project ideas, Leadership Somerset class members can decide where to direct their talents and leadership skills to make a lasting difference in Somerset County. You know what challenges our residents and communities are trying to overcome. Submit a project idea for the class to consider.

Ideas are sought from nonprofit agencies, local governments, and public educational institutions that serve residents of Somerset County.

### Previous classes have completed projects with many agencies, including:

Samaritan Homeless Interim Program (SHIP)  
Alternatives, Inc.  
Center for Great Expectations  
Court Appointed Special Advocates (CASA)  
Safe + Sound Somerset

Adult Day Center of Somerset County  
Volunteers of America—Agape House  
Foodbank Network of Somerset County  
Borough of Somerville Environmental Commission  
United Way of Northern New Jersey

See our [Spotlight on Class Projects](#) for more details about how Leadership Somerset class members worked with these organizations and others. **Guidelines and a submission form** are available beginning **March 1** at <https://bit.ly/LSPProjectIdeas>.
