

OPIOID RESPONSE NETWORK & NJ DEPT OF HEALTH PRESENT:

# XYLAZINE IN THE ERA OF SYNTHETIC STREET DRUGS

WOUND CARE  
& Referral Protocol

WHO

FERNANDO MONTERO, PHD  
POSTDOCTORAL FELLOW, HIV  
CENTER FOR CLINICAL AND  
BEHAVIORAL STUDIES

WHAT

This 1-hour virtual training will provide an overview of Xylazine, including information on its emergence in the local drug supply and its effect on persons who use drugs (PWUD). This includes an emphasis on the unique impact of Xylazine as it pertains to overdose risk, overdose response, and the development of soft skin tissue infections. Participants will have the opportunity to engage with an expert regarding emerging developments in your community.
