## CALL FOR VOLUNTEERS

Join United Way of Northern New Jersey’s volunteer tax preparation team and help pump millions in refunds back into our communities.

Annually, some **200 volunteers** prepare and file an average 5,000 federal and state income tax returns for those struggling to afford the basics, **saving them \$1.5 million** in tax preparation fees.

**We provide free in-person and online training.** Together, we ensure our struggling neighbors who are in poverty or living paycheck to paycheck as **ALICE®** (Asset Limited, Income Constrained, Employed) get back every dollar they are due — putting them on a path to financial stability.

**No experience necessary — just a willingness to help!**
