Helpful Resources

The Traumatic Loss Coalition's HOPES Program exists to provide immediate encouragement and support to families bereaved by the suicide loss of a child (21 and under), empowering survivors so they can thrive.

What is the HOPES Team?

The HOPES Team is a group of first responders who go to the scene of a suicide and provide encouragement, support and resources to those newly bereaved by a suicide loss.

The goal is to shorten the elapsed time between the death and survivors finding the help they feel will help them cope with this devastating loss.

*We are
here to
listen*

Supports Available
