Join Our Team!

The Franklin Food Bank is on a mission to make a big impact in Central New Jersey and beyond. **Right now we are looking for passionate and dedicated individuals to join our small but mighty team.** Experience and background in social services, customer care experience and food security is strongly encouraged. We need dynamic, invested, mission-driven individuals with a fundraising mindset as we turn our sights towards creating healthier communities.

Executive Director Derek Smith frequently shares that our team is like a family. We have monthly All Staff meetings where we break bread, share ideas, and learn from each other. We work collaboratively across departments, always striving to innovate and meet the needs of our community. We understand the importance of balance in every staff member's life, and we prioritize flexibility for all of our staff members. Additionally, both part time and full time staff can access health benefits through our organization. At the Franklin Food Bank, we understand that to compete in this marketplace, we must go above and beyond when attracting talent. Are you bursting with talent at a job full of hard work but not heart work? Come join us - you won't like your job, you'll love it.

You can find our job postings on Indeed.com by searching for Franklin Food Bank, and **we encourage Spanish speakers to apply.** Together, we can work towards achieving food equity and making a difference in the lives of our community. Join us in this noble cause and help us make a lasting community change!
